About This Game

"So, you have volunteered to enter the VoidGate. You are an honorable person then, and with great hope the reward of immortality will be yours. But I must warn you: the dangers of the Void are great, and even though the things you see may be unbelievable, it is all too real. Even death is permanent.

"But do not fret, despite the dangers and evils, the Void also rewards those who venture into its gauntlet. You will gain great powers to help you overcome any foes; skills and magic alike. And of course, there is much treasure to be had.

"And should you survive through it all, you will be given the greatest gift one could ask for: immortality." -- Scholar of the Void
