1998's best "I'm a piece of♥♥♥♥♥♥♥♥♥♥" simulator. is tht a game?. This game is unpolished, buggy and terrible. "Deep tactical turn based combat": Nope, it's as shallow as it could be. If you do decide to try this game after noticing all the negative reviews, get ready to handle a clunky UI with unresponsive controls. 0/10, don't get close to this game even if it's on sale.. Very short but extremely well done !

Great story and atmosphere !

Do it, it's free !!

Runs perfectly with a Rift.. The game and fun and challenging. Never thought I would play a game like this. It has a little assist but by mid to end game, you really have to think about how to combo.

My game is literally glitched in the beginning and i cant click on any squares after i kill the dummy and use the map on the first level. I sat there trying to figure it out for 15 mins then i decided to watch someones first playthrough on youtube and yup theres definately something wrong with my game.. Nice music.. Great Game.

Quite hard, but not unfair.

Reminds me of Teleglitch, but more sneaky and with better graphics and more funny moments.

Good replayability because of the semi-randomized maps and the unlockable characters to play.

. Handball is a great sport.

Dunkerque rules !. A nice simple platformer that does its job quite well. Nothing deep and meaningful here.. run, jump and collect blocks. The bonus games feel somewhat pointless. Enjoyable for an hour or so.. but the novelty wears off quickly.. The story was compelling and the feels overwhelming. Give it a shot if you want to experience VNs the way should be. Not the generic VNs with nudity and romance.. i love this game its filled with fire trucks and fun missions i play it alot so if you want to have fun choose this game but its hard so if you like hard games with missions fire trucks and free playGET THIS GAME!!!!. Short and easy 100%.. Good game! if you have 15-30 min of spare time it's an excelent choice. Better if you play it with firends in coop mode.. This game surprised me, in a very good way. The character system has more depth than it looks like. The game overall is fairly polished. I'm having a blast with it, anyway. Highly recommended.
